## NEW TRUE CRIME MEMOIR UNVEILS SERIAL KILLER CONFESSIONS FROM INSIDE SAN QUENTIN

BOULDER, CO—September 16, 2025—*Through the Lens of a Monster: A Serial Killer on Death Row, an Unsolved Murder List, and an Inmate's Deadly Play for Redemption* by William A. Noguera exposes chilling secrets from behind the walls of San Quentin.

While serving time on California's death row, Noguera—himself a convicted killer—earned the trust of notorious serial murderer Joseph Naso, known as the “Portrait Killer.” What Noguera uncovered would change the record forever: Naso's detailed confessions to crimes authorities never solved, offering long-awaited closure to families who had no idea who killed their loved ones.

Told with the intensity of lived experience, *Through the Lens of a Monster* is both a psychological thriller and a profound study of guilt, truth, and redemption. From inside one of America's most dangerous prisons, Noguera risked his life to reveal the hidden world of serial killers.

“Nothing prepared me for this extraordinary book,” wrote one early reviewer. “The stories he dug out of this monster will make your hair curl. What will stay with you longer is how he turned his life around in circumstances that would have crushed most of us.”

After forty-two years in prison, Noguera is now a collaborator with law enforcement, determined to keep shining light into the darkest corners of human behavior.

*Through the Lens of a Monster* is available in hardcover, paperback, and ebook from Sandra Jonas Publishing.
